## The Cause

Since 2005, **A Pair to Remember®** has made a direct impact on individuals with disabilities, right here in Central Florida, by raising funds to support the Easterseals Florida mission.

**With more than \$2 million raised since the very first event in 2005**, proceeds from this beloved community event have provided exceptional services, education, outreach, and advocacy to children and adults in our community.

**Easterseals Florida** works tirelessly with our partners to enhance quality of life and expand local access to healthcare, education, and employment opportunities — and we won't rest until every one of us is valued, respected, and accepted. After all, isn't that what everyone deserves? We certainly think so.
